Expected Outcomes: Competencies

Certificate students will demonstrate competencies for teaching adult post-secondary language education in government and industry programs, both domestically and worldwide.

Assessment methods

Method: Coursework

90% of the certificate students will demonstrate knowledge of developing and evaluating appropriate teaching practices and identification of education policies to assist in the development of language proficiency.

Findings:

This program was recently approved in 2012 and has not had any certificate completers yet.

How did you use findings for improvement?

This program was recently approved in 2012 and has not had any certificate completers yet.
