Expected Outcomes: Competencies

Students will demonstrate competencies appropriate for adult educators.

Assessment methods

Method: Comprehensive Examination

At least 90% of the students will be able to demonstrate knowledge of adult education principles and major contributors on the written Master’s examination. A jury of adult education and EFLT professors will administer and evaluate the examination.

Findings:

All Master’s graduates (n=9) successfully completed their Master’s comprehensive examination.

How did you use findings for improvement?

Results support continuation of the current process.

Additional comments:

None

Expected Outcomes: Contribute

Students will demonstrate the ability to contribute to the workforce or scholarly community.

Assessment methods

Method: Experiential Activities

At least 90% of the students will successfully complete one or more of the following: (1) submit article/book chapter for publication; (2) make a presentation before a body of scholars or practitioners; (3) conduct an inservice training session or workshop and receive an average evaluative scores of 3 or higher on a rating scale of 1-5; or (4) teach or co-teach an Adult Education class based on established criteria and under the supervision of an Adult Education faculty member and receive an average evaluation score of 3 or higher on a rating scale of 1-5.

Findings:

100% of the graduates (n=9) successfully completed one or more of the requirements (2 co-taught a course; 3 made conference presentations; 3 conducted in-service sessions; 1 published an article).

How did you use findings for improvement?

Continue supporting students to present and publish.
